

The Ultimate Gas Connector

Safe & secure, guaranteed.

PVC Protective Coating

With antimicrobial agent for easy cleaning.

Radial Wrap

Heavy duty stainless steel radial wrap prevents hose from stretching.

Corrugated Tubing

Stainless steel corrugated tubing built to be flexible for ease of installation.

Welded Construction

360° heavy duty welds on both ends increases durability.

Rotational Ends

360° rotational ends provide versatility and ease during installation.

One-Handed Quick Disconnect w/ 10-Point 360° Locking System

Quickly and easily allows you to disconnect hose to move equipment for cleaning and maintenance.

Full Port Gas Valve

Ball valve is required by code to allow for manual shutoff within 5 ft. of appliance.

90° Elbows

Elbows allow for versatility in tight conditions during installation.

Retraining Kit

Comes pre-cut 12" shorter than overall length of hose to prevent hose from being pulled too far. Easily disconnects for cleaning and maintenance.

SwivelKing™

Durable stainless steel construction with dual 360° rotation significantly reduces stress and extends life of hose.

Caster Positioning Chock

Creates a home position for movable kitchen equipment. Stainless steel construction eliminates cracking commonly seen with plastic caster positioning sets.

Krowne Gas Connectors have built a solid reputation for their durability and design. They have been so successful that we even changed our warranty policy from five years to a lifetime guarantee. Any gas connector you purchase from Krowne comes with the peace of mind knowing that we 100% ensure our product's quality and longevity.
